seems to be looming up in the future. The vote in the House on Mouday last upon Mr. Harris' Resolutions, must not be taken as a positive expression of the sense of the Members on the question of admitting Kansas into the Union. At least six men voted for the Resolutions who will finally sustain the Administration against Douglass. Indeed the feeling in favor of the Lecompton Constitution is growing stronger and stronger every day. The President's Kansas Message is producing a most salutary effect in the North. Several members of the House who have been confidently relied upon to go with Douglass are now being instructed by their constituents to go for admitting Kansas. There will be no difficulty in the Senate; and, from present indications, it will go through the House by from six to ten majority.

The most extraordinary document of the times is the letter of Gov. Wise to the Anti-Lecompton meeting recently held at Philadelphia. When it became known here that the whilom fireating Governor of the Old Dominion, had written a letter in which he had taken ground against the President's message, the remark was general that the man was crazy. Common charity would lead to this conclusion. To say that Gov. Wise was of sound mind when he penned that letter, would be to pronounce him a vile traitor, compared to whom Judas Iscariot would appear as a perfect saint. The document, in a word, is a regular abolition essay, equal in its opposition to the rights and interests of the South to anything that could be produced by John P. Hale or Horace Greely.

Col. ORR, the Speaker, has appointed an excellent Committee under the Resolution of Mr. Harris. It is composed of eight Lecompton men, and seven anti-Lecompton, who are thus classified: Lecompton, seven Democrats and one Know Nothing-Anti-Lecompton, five Black Republicans and two Douglass Democrats.

The House Committee on the \$87,000 charge of Laurence Stone & Co., are actively at work. They have already ascertained that there has been good deal of rascality perpetrated, but as yet, have not been able to fix upon the guilty parties. It is in evidence before the Committee that Mr. Wolcot, of Boston, received \$50,000 of the \$57, 000. Wolcot acknowledges to have received it but will not tell what he did with it. He is now upon trial before the House for refusing to answer questions on this subject. It is possible after all that the culpable parties in this matter will elude the vigilance of the Committee.

It is not probable that the propositions for increasing the Army will pass. Volunteers will be authorized for putting down the Utah rebellion. The Lecompton Democratic members will hold

a Caucus on Saturday night to determine upon future action upon the different propositions now before Congress. You have been no doubt before this posted up as

to the fight a few nights ago in the House of Representatives-Col. Keitt and Mr. Barksdale, Demcrats, on one side: Mr. Grow and Washbourn, Black Republicans, on the other. There was a general rush on both sides of the House. Much confusion ensued. The Speaker however after so long a time brought the House to order. No blood was spilt-only a bruise or two. The cry was raised, "Let the outsiders in." Every body appeared anxious to "pitch in" and determine the question on the floor of Congress as to the dissolution of the Union at once. More in my next.

Very respectfully, &c., PALMETTO.

MURDER .- The Newnan (Ga) Blade of the 19th states that, on Sunday morning last, Mr. Jenkins, overseer of Mr. Benjamin Gates, of Meriwether county, was murdered by a negro woman while attempting to punish her for some misdemeanor. Having struck her three or four licks with switch, she drew a knife from her pocket, and, having but one arm, opened it with her teeth, stabbed him in the neck, severing the jugular wein, causing death in fifteen or twenty minutes. She is now in Greenville jail awaiting her trial.

A GREAT BLESSIA'G TO THE AFFLICTED.

The number and f. rmiq able character of diseases of the Liver have long cha lenged the attention of medical men. Some of these diseases, classed under the general term of Consu uption, have been supposed incurable, and the unha, ppy patient allowed to die, without medical science to c ffor him a hope of recovery. Happily this can no lor-ger be the case. A remedy has been found which will ture all com plaints, of whatever character, arising from derangement of the Liver. The Pills discovered by . Dr. M'Lane, prepared solely by Fleming Bros., Pittsburgh, Pa., act directly on the Liver; and by correcting its . peration and purifying it from disease, cuts off and ext rpates | tions in the State. the complaints which have their origin in the disc "ases of this organ. Remedies hitherto proposed for liv " complaints, have failed to operate upon the seat of the disease; but Dr. M'Lane's Pills make themselves felt upon the action of the Liver, and by cleansing the fountain, dry up the impure streams of disease which thence derive their existence.

Purchasers will be careful to ask for DR M'LANE'S CELEBRATED LIVER PILLS, manufactured by FLEMING BROS., of Pittsburgh, Pa. All other Liver Pills in comparison are worthless Dr. M'Lane's genuine Liver Pills, also his celebrated Vermifuge, can now be had at all respectable drug stores.
